22. **Modification and withdrawal of Bids**

22.1. Bidders are expected to have sole responsibility to examine the conformity of their Bids to the requirements of the RFP, keeping in mind that material deficiency in providing information requested by UNFPA, or lack of clarity in the description of goods or services to be provided may result negatively in the evaluation process of the Bids.

22.2. Bidders may modify, substitute or withdraw their Bid after submission, provided that written notice is received by UNFPA prior to the submission deadline.

22.3. Any proposed modification, substitution or withdrawal must be submitted in accordance to clause 19 - Submission, sealing and marking of Bids based on the approach utilized. The respective envelope or email shall be clearly marked “MODIFICATION”, “SUBSTITUTION” or “WITHDRAWAL”. Any revision to the Bid must be received by the deadline.

22.4. No Bid may be modified, substituted or withdrawn in the interval between the submission deadline and the expiration of the period of the Bid validity. No Bid may be modified, substituted or withdrawn after the submission deadline.

23. **Storage of Bids**

23.1. Bids received prior to the deadline of submission and the time of opening shall remain secure and unopened until the Bid opening date stated in UNFPA’s RFP.

---

E. **BID OPENING AND EVALUATION**

24. **Bid opening**

24.1. UNFPA will conduct an internal Bid opening on **31 July 2017**, at 11:00 AM hours Ulaanbaatar time[^3] at the office of UNFPA Mongolia country office.

24.2. Bids will be opened by an ad-hoc panel consisting of at least two staff members (of which one may be from a different United Nations agency/fund/program) and where at least one individual has no involvement in the subsequent stages of the procurement process. There will be separate Bid openings for Technical and Financial Bids. The Bidders’ names and submitted documents shall be announced and recorded on the Technical Bid opening report.

24.3. A Bid opening report will be available for viewing only to Bidders who have submitted a bid or their authorized representatives for a period of thirty days from the date of the opening. Information not included in the Bid opening report will not be provided to Bidders.

24.4. Once the Technical evaluation has been completed, the Financial Bids will be opened. During the Financial Bid opening, the Bidders’ names and the prices stated in the Financial Bid shall be announced and recorded on the Financial Bid opening report.

24.5. No Bid shall be rejected during Bid opening, except for late Bids. Rejected Bids will be shredded except for any bank securities, which will be returned to the Bidder.

---

25. **Clarification of Bids**

25.1. To assist in the examination, evaluation and comparison of Bids, UNFPA may ask Bidders for clarification of their Bids. The request for clarification and the response shall be in writing by UNFPA, and no change in price or substance of the Bid shall be sought, offered or permitted. Clarification of Bids may be provided only in response to UNFPA request for clarification or request for additional information.

---

26. **Preliminary examination of Bids**

26.1. Prior to the detailed evaluation, UNFPA shall examine the Bids to determine whether they are complete with respect to minimum documentation requirements, whether the documents are

properly signed, whether any computational errors have been made and whether the Bids are generally in order.

26.2. The procurement official will determine the substantial responsiveness of each Bid to the RFP during the preliminary examination.

26.3. A substantially responsive Bid conforms to all the terms, conditions, and specifications of the Bidding documents without material deviation, reservation, or omission. A material deviation, reservation, or omission is one that:

26.3.1. Affects in any substantial way the scope, quality, or services specified; or
26.3.2. Limits in any substantial way, inconsistent with the Bidding documents, UNFPA’s rights or the Bidder’s obligations under the contract; or
26.3.3. If rectified would unfairly affect the competitive position of other Bidders presenting substantially responsive Bids.

26.4. UNFPA considers material deviations to include, but not be limited to the following:

26.4.1. During preliminary examination of Bids

26.4.1.1. Absence of Bid form(s), change in the wording or lack of signature on key portions of the Bid form when this is clearly required. Any change in wording that is consistent with the standard format of the Bid form(s) is not a material deviation;

26.4.1.2. The Bidder indicates in the Bid that they do not accept important contract conditions, i.e. related to Force Majeure, Applicable Law, Delivery Schedule, Payment Terms, General Conditions of Contract and Limitation of Liability;

26.4.1.3. Non submission of non-historical documents (documents that should be specifically prepared by the Bidder in response to this RFP) by the bid submission deadline.

26.4.1.4. Non-eligibility of the Bidder;

26.4.1.5. Financial information is included in the Technical Bid.

26.4.2. During technical evaluation of Bids and qualification of Bidders:

26.4.2.1. Bids do not reach the minimum threshold on technical score.

26.4.2.2. The Bidder does not meet the minimum conditions for qualification.

26.4.3. During Financial evaluation of Bids:

26.4.3.1. The Bidder does not accept the required price correction in accordance to Section I: Instructions to Bidders, clause 27.1.3

26.4.3.2. Required price components are missing;

26.4.3.3. The Bidder offers less quantity than what is required.

26.5. If a Bid is not substantially responsive to the Bidding documents, it shall be rejected by UNFPA and may not subsequently be made responsive by the Bidder by correction of the material deviation, reservation, or omission.

27. Non-conformities, errors, and omissions

27.1. Provided that a Bid is substantially responsive:

27.1.1. UNFPA may waive any non-conformities or omissions in the Bid that do not constitute a material deviation.

27.1.2. UNFPA may request the Bidder to submit the necessary information or documentation within a reasonable period of time to rectify non-material non-conformities or omissions in the Bid related to documentation requirements. Such omission shall not be related to any aspect of the price of the Bid. Failure of the Bidder to comply with the request may result in the rejection of its Bid.

27.1.3. UNFPA shall correct arithmetical errors on the following basis:
27.1.3.1. If there is a discrepancy between the unit price and the line item total that is obtained by multiplying the unit price by the quantity, the unit price shall prevail, and the line item total shall be corrected, unless in the opinion of UNFPA there is an obvious misplacement of the decimal point in the unit price. In that case the line item total as quoted shall govern, and the unit price shall be corrected.

27.1.3.2. If there is an error in a total corresponding to the addition or subtraction of subtotals, the subtotals shall prevail and the total shall be corrected.

28. Evaluation of Bids

28.1. The evaluation of the Bids will be carried out in a two-step process by an evaluation panel, with evaluation of the Technical Bid being completed prior to any Financial Bid being opened and compared.

28.2. The Financial Bid will be opened only for those Bidders, where Technical Bids reach a minimum score of 70% and whom have fulfilled the supplier qualifications. The total number of points a Bidder may obtain for Technical and Financial Bids is 100 points.

28.3. Information relating to the examination, evaluation, comparison, and post-qualification of Bids and recommendation of contract award shall not be disclosed to Bidders or any other person not officially concerned with such process until the contract award is published.

28.4. Any effort by a Bidder to influence UNFPA in the examination, evaluation, comparison, and post-qualification of the Bids or contract award decisions may result in the rejection of its Bid.

28.5. Notwithstanding from the time of Bid opening to the time of contract award, if any Bidder wishes to contact UNFPA on any matter related to the Bidding process, it should do so in writing.

29. Technical evaluation

29.1. The Technical Bid is evaluated on the basis of its responsiveness to the Terms of Reference shown in Section II, the Technical Bids submitted by the Bidders and the evaluation criteria published below.

30. Supplier qualification requirements

30.1. The responses from the Bidders compared to SECTION VI – ANNEX C: BIDDER IDENTIFICATION FORM and SECTION VI – ANNEX D: BIDDER’S PREVIOUS EXPERIENCE of this document will be evaluated based on the criteria provided below to assess the degree of Bidder qualification for the proposed contract.

30.2. Notwithstanding anything stated above, UNFPA reserves the right to assess the Bidder’s capabilities and capacity to execute the services satisfactorily before deciding on award.

30.3. Even though the Bidders may meet the above qualifying criteria, they can be subject to disqualification if they have made misleading or false representations in the forms, statements and attachments submitted in proof of the qualification requirements, and/or have a record of
poor performance such as: not properly completing contracts, inordinate delays in completion, litigation history, financial failures, etc.

31. Financial evaluation

31.1. The Financial Bid will only be evaluated if the Technical Bid achieves the minimum score as indicated in clause 28.2 and is considered qualified through the supplier qualification process described in clause 30. Proposals failing to obtain this minimum technical threshold or those which will not be considered qualified through the supplier qualification process will not be eligible for further consideration.

31.2. The Financial Bid is evaluated on the basis of its responsiveness to the Price Schedule Form SECTION VI – ANNEX E: PRICE SCHEDULE FORM. The maximum number of points for the Financial Bid is 100. This maximum number of points will be allocated to the lowest price. All other Financial Bids will receive points in inverse proportion according to the following formula:

\[
\text{Financial Score} = \frac{\text{Lowest Bid (})}{\text{Bid being Scored (})} \times 100 (\text{Maximum Score})
\]

32. Total score

32.1. The total score for each Bidder will be the weighted sum of the technical score and financial score. The maximum total score is 100 points.

\[
\text{Total Score} = 70\% \text{ of Technical Score} + 30\% \text{ of Financial Score}
\]

F. AWARD OF CONTRACT AND FINAL CONSIDERATIONS

33. Award of Contract

33.1. UNFPA intends to award the Contract for Professional Services to the Bidder(s) that obtains the highest combined score of the Technical and Financial evaluation.

33.2. UNFPA reserves the right to make multiple arrangements for any item(s) where, in the opinion of UNFPA, the Bid winner cannot fully meet the delivery requirements or it is deemed to be in UNFPA’s best interest to do so. Any arrangement under this condition shall be made on the basis of the highest combined scoring Bid, the second-highest, etc.

34. Rejection of Bids and annulments

34.1. UNFPA reserves the right to reject any Bid if the Bidder has previously failed to perform properly or on time in accordance with previous contracts/purchase orders or if the Bidder from UNFPA’s perspective is not in a position to deliver pursuant to the contract.

34.2. UNFPA reserves the right to annul the RFP and reject all Bids at any time prior to award of the contract without thereby incurring any liability to the affected Bidder(s) or any obligation to provide information.

34.3. Bidders waive all rights to appeal against the decision made by UNFPA.

35. Right to vary requirements and to negotiate at time of award

35.1. At the time of award of the contract UNFPA reserves the right to vary the quantity of goods and/or services specified in the RFP by up to 20% without any change in hourly/daily or any other rates or prices proposed by the Bidders or other terms and conditions.

35.2. UNFPA reserves the right to negotiate the price with the Bid winner before awarding the contract to ensure that the Financial Bid is competitive on all aspects of the price.
35.2.1. The purpose of negotiations of offers selected based on the ‘cumulative analysis methodology’ is to ensure that the technical proposal is in line with requirements and that the financial proposal is competitive on all aspects of the price.
35.2.2. In the negotiations, any deficiency in the offer will be pointed out to the supplier. The supplier will be allowed to make adjustments in the proposal in order to improve and more clearly specify the contents of the offer. However, under no circumstances shall the requirements (Terms of Reference/specifications) be changed.

36. Signing of the Contract
36.1. The procurement official will send the successful Bidder(s) the contract for professional services for a fixed contract value, which constitutes notification of award. Successful Bidder(s) shall sign and date the contract, and return it to UNFPA within 10 calendar days of receipt of the contract. To facilitate the process of signing the contract, Bidders are expected to have reviewed the template of Contract for Professional Services, found in SECTION VII – ANNEX A: TEMPLATE OF CONTRACT FOR PROFESSIONAL SERVICES of the Bidding documents prior to submitting a Bid. The successful bidder shall deliver the services and/or goods in accordance with the delivery schedule outlined in the Bid/ Contract only after both parties sign the contract.
36.2. UNFPA reserves the right to discontinue the contract if the supplier’s performance is not satisfactory to UNFPA.

37. Publication of Contract Award
37.1. UNFPA will publish the following contract award information on United Nations Global Marketplace http://www.ungm.org, unless it is deemed to be in the interest of UNFPA not to do so: Purchase Order reference Number, Description of the Goods or Services procured, Beneficiary Country, Supplier Name and Country, Contract amount and the issue date of the contract/purchase order.

38. Payment Provisions
38.1. UNFPA’s policy is to pay for the performance of contractual services rendered or to effect payment upon the achievement of specific milestones described in the contract.

39. Bid protest
39.1. Bidder(s) perceiving that they have been unjustly or unfairly treated in connection with a solicitation, evaluation, or award of contract may complain to the UNFPA Head of the Business Unit, Ms. Naomi Kitahara, UNFPA Representative at kitahara@unfpa.org. Should the supplier be unsatisfied with the reply provided by the UNFPA Head of the Business Unit, the supplier may contact the Chief of the Procurement Services Branch at procurement@unfpa.org.

40. Documents establishing sustainability efforts of the Bidder
40.1. Currently UNFPA is requesting information on environmental and social policies and related documentation with Bids submitted by prospective suppliers. UNFPA is incorporating environmental and social criteria considerations into the evaluation process, such as adherence to Global Compact requirements (more information can be accessed here, http://www.unglobalcompact.org/, or by contacting Procurement Services Branch at procurement@unfpa.org). UNFPA encourages suppliers to consider joining the UN Global Compact and to look into other ways to help reduce their environmental impact now.
SECTION II: TERMS OF REFERENCE (TOR)

1.0 BACKGROUND AND PROJECT DESCRIPTION

The Youth Development Programme (YDP) (2013-2017) funded by the Swiss Agency for Development and Cooperation, Government of Luxembourg, and the United Nations Population Fund (UNFPA), and jointly implemented by the Government of Mongolia and UNFPA, has been delivered for four years with the aims to build the resilience of young women and men, and reduce their vulnerabilities to gender-based violence, unplanned pregnancies, STIs and HIV, and increase their capacity to benefit from Mongolia’s rapid socio-economic change, particularly related to intensified extractive industries. The YDP aims to serve youth aged 15-34 in urban, rural and mining areas, including Umnugovi, Dornogovi, Govi-Altai, Bayankhongor, Zavkhan, Bayan-Ulgii, Khovd,Uvs, Dornod, Darkhan-Uul, Orkhon aimags, and Ulaanbaatar with specific interventions such as supporting adolescent and youth friendly health services, setting up youth development centers, mobilizing peer educators’ networks, conducting GBV awareness workshops and Safe School initiatives, and facilitating youth participation and youth-led advocacy efforts in the country.

Project goal: The project has the goal of ensuring young men and women with strengthened life-skills for positive, responsible and self-reliant behaviour, through making contributions to the achievement of the following project Outcomes:
Outcome 1: Increased availability of life-skills education for young men and women in target areas/institutions;
Outcome 2: Life-skills based GBV prevention model institutionalised and capacity of educational staff built to reduce GBV and foster positive relations between students;
Outcome 3: Improved and extended provision of youth-friendly sexual and reproductive health (YFSRH) services in target areas; and
Outcome 4: Policies, behaviour change communication and advocacy in place to address youth issues.

The project is designed to enhance youth resilience and life skills, equipping youth to claim their rights and exercise their civic responsibilities. The life skills programme includes targeted gender-based violence prevention education for youth as well as educators.

The life skills programme educates young people not only about sexual and reproductive health, but it focuses on building their ability to negotiate and communicate clearly and effectively, to exercise self-control and manage anger and frustration constructively, to explore motivation and planning to achieve goals, to build self-esteem, self-respect and confidence, and to respect diversity and the choices and right of others.

The project also strengthens youth-friendly sexual, and reproductive health services, emphasizing outreach to young men and women, coupled with a ramping up of services in areas where need is high, but coverage is poor. An important delivery vehicle for the project services are multi-purpose youth development centres, which offer a range of skills development services, such as career planning and healthy leisure activities.

The project also promotes an enabling environment for youth development in general, including development of and advocacy for youth policy, supportive legislations and behaviour change communication interventions.
UNFPA Mongolia conducted a baseline study in 2015 to set up the database for the key indicators and conclude a qualitative assessment of the situation.

In 2016, the mid-term evaluation of the Youth Development project was concluded to assess the extent of the progress that the project had made for each indicators and review the implementation modalities. The mid-term evaluation also suggested concrete steps for improving operational and programmatic implementation of the project, and all recommendations have been taken into account during the planning phase for activities in the remaining period of the project.

As stated in the approved project document, the end evaluation is scheduled to take place in the last year of the project. Therefore, UNFPA Mongolia CO is now looking for a national institution who will be contracted to conduct the final-evaluation of the Project.

The end evaluation is expected to be carried out from January to May 2018, and the selected institution will, under overall guidance of the UNFPA Representative and the Assistant Representative, report to the YDP Project Manager, and work closely with a national project evaluation consultant, project Implementing Partners (IPs), the project M&E working group, and other national and international partners. As the Ministry of Labour and Social Protection is the main Government management agency for the YDP, it is essential that the selected institution works closely with the Ministry staff.

2.0 EVALUATION OBJECTIVE

The main objectives of the final-evaluation are: 1) to analyze the results and the specific objective(s) reached at the time of the evaluation, compared to what had been anticipated in the Project Document; and 2) to identify the lessons learned and give recommendations for future Projects in the same sector.

The following evaluation criteria should be used during the analysis:

### 3.0 METHODOLOGY

The end evaluation will utilize a theory-based approach and combined qualitative and quantitative methodologies for data collection and analysis. Possible tools to be used include Focus Group discussions (FGD), key informant interviews (KII), discussions with staff (UNFPA, Government and Implementing Partners), questionnaires, observation, a literature review of project documents and secondary data. Some participatory tools are suggested for ensuring youth voices. Triangulation should be applied to guarantee the reliability and robustness of findings.
Use of primary data

(a) Quantitative data collection methods: Once selected, the Project team will provide background information necessary for a sampling design for the end evaluation. The end evaluation will cover a representative sample of project beneficiaries in the specified areas and capture the changes compared to the results from the baseline survey. Detailed information on end evaluation areas and target groups will be provided.

For the quantitative part of the end evaluation, a cluster sampling technique is recommended for the selection of review sites and participants, including the above mentioned youth groups from both urban and rural areas. The selected institution is allowed and encouraged to utilize other review methods, as long as it is well stipulated and justified. The guidelines provided above are basic, minimum guidelines regarding FGDs and KIIs. If the selected institution wishes to propose other study methods, please provide specific details and examples regarding the procedures of such techniques. Questionnaires will be finalized after discussion with UNFPA. The end evaluation questionnaires should provide necessary information to measure the project indicators and assess the general characteristics of surveyed youth.

(b) Qualitative data collection methods

The selected institution should use qualitative approaches, such as focus group discussions and key informant interviews, as well as participatory exercises and approaches.

Focus group discussion: The participants of the FGDs should be selected from and represent the following target groups:
- University students
- Adolescent
- Young Mothers
- LGBTI youth
- Adolescents and youth with disabilities
- TVET students
- Out-of-school Youth
- General Education school (GES) students
- Students living in dormitories of GES, TVET, and universities
- University/TVET students who rent an apartment/accommodation
- Ethnic minorities
- Youth who are in employment
- Young herders
- Young miners
- Unemployed youth

Key informants interview: The KIIIs shall be conducted with a wide variety of stakeholders, such as the Ministry of Labour and Social Protection, FCYDA, FCYDDs, Ministry of Health, Ministry of Education, Culture Science and Sports, and their subsidiary agencies (NCLE, ITPD, MSUE), Y-Peer Network, Provincial Health Departments, Provincial Education Departments, Youth NGOs, UNFPA, CCE, MFNT, MFWA and service providers. KIIs will play a significant role on the review, but must be complemented by other techniques. The guideline for key informants will be prepared before data collection.
Use of secondary data
The selected evaluation team will be in contact with the project team, implementing partners and other stakeholders that will share key documents, but the selected evaluation team is encouraged to also use other official documents, both national and/or international. Surveys, reports, statistical data, and other related documents on reproductive health, gender, life skills education program, and policy orientations are all relevant. In preparation for the documents review, the consultants will prepare the checklist for each indicator.

4.0 PRINCIPLES

Implementation of the end evaluation methods should be guided by the following principles:

- **Respect:** Evaluation participants should be treated with respect. This means that facilitators should respect both the participants and the participants’ contributions to the group discussion.
- **Equity:** Everyone participating in the evaluation should have equitable opportunities to provide input. Facilitators should not allow a handful of individuals to dominate the review process.
- **Acknowledgement:** All opinions and beliefs expressed by participants are valid. Facilitators should not show preferences for one opinion or belief over another.
- **Investigation:** Focus group discussions and interviews are designed to obtain in-depth understanding about the relevant issues. Hence, opinions and beliefs expressed by participants should be investigated beyond the surface level. Investigation should be flexible and continue until further responses provide no new information.
- **Unbiased:** Facilitators should lead the discussion without preconceived ideas about what the participants will say, or worse, what they want the participants to say. Facilitators should avoid using leading questions, opting for open-ended questions instead.
- **Confidentiality:** All information provided by participants should be held in confidence. Facilitators will protect the anonymity and confidentiality of all participants.
- **Do no harm:** The evaluation must adopt a ‘does no-harm’ approach to participants. Such scenarios will require at a minimum (a) additional planning illustrating how participant harm (or discomfort) will be minimalized, (b) informed consent, and (c) detailed debriefing.

5.0 DELIVERABLES

The end evaluation starts on January 1, 2018 and continues for an estimated period of 5 months. Some preparation work of the evaluation could however start in December 2017, but it is important that the project implementation through December 2017 is fully captured by the final evaluation. The selected evaluation team will be expected to come up with following deliverables, according to the suggested timeframe. A detailed work plan will be developed and agreed upon during the contracting process.

- **Inception report**

Building on the initial proposal submitted, the selected institution will be expected to prepare an inception report within two weeks following the signing of the contract, which will be discussed with the project team of UNFPA. The inception report must include a clear description of the methodology, including data requirements, data sources and methods of collection, and a work plan with a clear timetable that the institution proposes to execute the assignment, illustrated where appropriate, with charts for activities. Deadline for submitting inception report is **7 January, 2018**.

- **Data collection and analysis**
The data collection and analysis should be completed within 8 weeks once data collection tools are finalized with UNFPA inputs. Data collection will be done in selected sites. Analysis of data should be performed following the methodologies proposed in the inception report. Deadline for data analysis is 28 February 2018.

- Draft report

The selected institution will draft the report based on an agreed template, and present it to the Project team as well as UNFPA programme team for comments, technical guidance, and quality assurance, with changes made accordingly. The draft must be in English and Mongolian. The draft report synthesizing the main preliminary findings, conclusion and recommendations incorporating comments from Project team as well as UNFPA team to be presented and discussed with stakeholders for validation (to be scheduled in April 2018) should be submitted by 15 March, 2018.

- Final report

The Final Report, based on the comments expressed during the validation meeting and final comments from UNFPA team, shall be submitted by 30 April 2018.

6.0 REQUIREMENTS: QUALIFICATIONS AND EXPERIENCE

6.1 Composition of the Evaluation Team

The team composition must be carefully chosen to achieve the purpose of this end evaluation. Arrangements that differ from what is highlighted below can be proposed by the selected institution. However, the following are the minimum criteria requirements:

The Principal Investigator is the primary individual in charge of the end evaluation and the coaching and guidance of the study team. He/she will:

- Oversee the evaluation process and be responsible for the conduct of the evaluation team members at all sites, ensuring compliance with the review’s terms of reference and contractual agreements made with UNFPA.
- Ensure that there is an adequate number of qualified human resources to carry out the review. This includes, but is not limited to, sufficient staff time and appropriately experienced and skilled research team members, in addition to equipment and space.
- Provide professional guidance to the review team and, ensure that the researchers are capable of performing the procedures assigned to them during the end evaluation.
- Ensure that the evaluation team collects complete and accurate information on project implementation and key outputs/achievements, on the basis of which adequately in-depth analysis is carried out with triangulated data and evidence to support the conclusions drawn.
- Ensure a high quality of the draft and final reports, that are submitted to UNFPA before the deadlines, and that feedback from UNFPA and other stakeholders is fully reflected in the report.

The final evaluation team members/data collectors

- Perform all evaluation-related interventions in accordance with the approved evaluation protocol.
